SUMMARY

Marketing and operations professional with hands-on experience in digital brand building, B2B outreach, competitor benchmarking, vendor coordination, and cross-functional stakeholder management. Adept at translating market research and operational insights into targeted strategies that drive visibility, efficiency, and business growth.

EDUCATION

Indian Institute of Management Rohtak | IPM - BBA

2023 – 2026

CGPA: 5.59

Core Subjects: Microeconomics I & II, Macroeconomics I & II, Statistical Methods I & II, Principles of Marketing, Advertising

EXPERIENCE

Altzen Technologies | Founder's Intern

Apr 2026 – May 2026

- Drove digital positioning by conducting competitor benchmarking for Altzen and SAPVista, identifying visibility gaps, and delivering integrated recommendations on outbound marketing, audience segmentation, and workflow automation to leadership.
- Responsible for prospective client research and company profiling across industries and geographies; segmented existing client portfolios by region and service needs; evaluated LinkedIn analytics and assessed outreach workflows to identify automation and AI-integration opportunities.

Rice Little India | Operations & Sustainability Intern

Dec 2025 – Jan 2026

- Spearheaded a sustainability pilot converting packaging waste into value-added products by identifying viable material pathways, developing product concepts, and mapping B2B, NGO, and recycling vendor partnerships to advance project objectives.
- Responsible for material feasibility assessment across plastic, jute, and cloth waste; managed vendor relationships through proposals, calls, and negotiations; coordinated cross-functional discussions and oversaw sample collection, dispatch, and logistics tracking across multiple evaluation stages.

Cloudphant | Product Marketing Intern

Apr 2025 – Jun 2025

- Elevated brand credibility and community-driven influence by designing targeted engagement strategies across Reddit and LinkedIn, improving topical relevance, brand perception, and engagement quality through data-backed, non-promotional outreach.
- Responsible for analysing user behaviour and credibility signals in technical Reddit threads on hosting and CMS tools; monitored LinkedIn content performance and implemented sustained outreach aligned with audience interest and brand positioning.

SKILLS

Technical: MS Excel, PowerPoint, Google Workspace, Python, SPSS, SEO Optimisation, Social Media Analytics, LinkedIn Analytics, Competitor Benchmarking, Keyword Research, Vendor Mapping

Operational: Stakeholder Management, Cross-functional Coordination, Outreach Automation, Workflow Optimisation, B2B Client Research, Lead Qualification, Logistics Coordination

Soft Skills: Strategic Thinking, Analytical Reasoning, Communication, Collaboration, Negotiation, Time Management, Decision-Making

PROJECTS

Academic Project — Rural Development Framework Analysis, PRADAN

Developed a nexogenous rural development framework based on PRADAN's field operations to address grassroots program challenges and scalability gaps. Conducted thematic qualitative analysis using Taguette software across archival records and interview data to extract development patterns and intervention insights. Established methodological rigour through inter-rater reliability validation with $\alpha = 0.83$.

Industrial Live Project — Content Marketing, Vidhyaa.in

Developed SEO-focused content strategies to strengthen digital visibility and user engagement. Structured and optimised blog content through targeted keyword integration and implemented backend SEO measures to elevate search rankings, continuously refining performance based on keyword trends and page metrics.

EXTRACURRICULAR ACTIVITIES

- Secured **Third Prize** in “Chronicles of Survival and Time” competition by IIT Palakkad.
